INTRODUCTION

The Cape Ann Transportation Authority (CATA) is a political subdivision of the Commonwealth, created in 1974 by Chapter 161B of the Massachusetts General Laws. The Authority is given general responsibility to develop, finance, and contract for the operation of mass transportation facilities and services within its territory. The Authority Advisory Board is comprised of five member communities, including Gloucester, Rockport, Ipswich, Essex, and Hamilton, as well as a representative of the disabled commuter population and a rider community representative. The day-to-day affairs of the Authority are managed by an Administrator.

CATA oversees operations of both fixed route and demand response transit services. Year-round fixed route service is provided in Gloucester and Rockport. Additional fixed route service is provided during the summer season in Gloucester, Rockport, Ipswich, and Essex. Year-round demand response service is provided to all five communities. Complementary ADA Paratransit service is presently provided where fixed route transit service is provided. All CATA vehicles are wheelchair accessible and comply with the Americans with Disabilities Act (ADA). CATA is funded with federal, state, and local subsidies, as well as farebox and other revenue sources. CATA is required to comply with the mandates of the Americans with Disabilities Act (ADA), Federal Transit Administration (FTA), and Massachusetts Department of Transportation (MassDOT) funding rules and regulations, as well as those of other federal, state, and local funding entities, as are the entities with which CATA contracts.

CATA is an Equal Opportunity Employer. Disadvantaged Business Enterprises are encouraged to submit proposals and no proposer will be subject to discrimination based on race, color, religion, ancestry, national origin, age, gender, handicap, sexual orientation, veteran status, or other protected class, as identified by law, in consideration of an award of contract.

23. DAVIS-BACON

(1) **Minimum wages** - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1. Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
2. The classification is utilized in the area by the construction industry; and
3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and
4. With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. (C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

1. The work to be performed by the classification requested is not performed by a classification in the wage determination; and
2. The classification is utilized in the area by the construction industry; and
3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) **Withholding** - The CATA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the CATA may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the CATA for transmission to the Federal Transit Administration. (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

28. TERMINATION

a) **Termination for Convenience** The CATA may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to CATA to be paid the Contractor. If the Contractor has any property in its possession belonging to the CATA, the Contractor will account for the same, and dispose of it in the manner the CATA directs; b) **Termination for Default** If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the (Recipient) may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the CATA that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the CATA, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience. c) **Opportunity to Cure** The CATA in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to CATA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Contractor of written notice from CATA setting forth the nature of said breach or default, CATA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude CATA from also pursuing all available remedies against Contractor and its sureties for said breach or default. d) **Waiver of Remedies for any Breach** In the event that CATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by CATA shall not limit CATA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract. e) **Termination for Default** If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the CATA may terminate this contract for default. of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

g) Termination for Default (Transportation Services) If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the CATA may terminate this contract for default. The CATA shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract. If this contract is terminated while the Contractor has possession of Recipient goods, the Contractor shall, upon direction of the CATA, protect and preserve the goods until surrendered to the Recipient or its agent. The Contractor and CATA shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the CATA. **h) Termination for Default (Construction)** If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, the CATA may terminate this contract for default. The CATA shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Recipient resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Recipient in completing the work. The Contractor's right to proceed shall not be terminated nor did the Contractor charge with damages under this clause if-

- The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of the Recipient, acts of another Contractor in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
- The contractor, within [10] days from the beginning of any delay, notifies the CATA in writing of the causes of delay. If in the judgment of the CATA, the delay is excusable, the time for completing the work shall be extended. The judgment of the CATA shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Recipient.

Termination for Convenience or Default (Architect and Engineering) The CATA may terminate this contract in whole or in part, for the Recipient's convenience or because of the failure of the Contractor to fulfill the contract obligations. The CATA shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If the termination is for the convenience of the Recipient, the Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If the termination is for failure of the Contractor to fulfill the contract obligations, the Recipient may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Recipient. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor

Termination for Convenience of Default (Cost-Type Contracts) The CATA may terminate this contract, or any portion of it, by serving a notice of termination on the Contractor. The notice shall state whether the termination is for convenience of the CATA or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the CATA, or property supplied to the Contractor by the CATA. If the termination is for default, the CATA may fix the fee, if the contract provides for a fee, to be paid the contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the CATA and the parties shall negotiate the termination settlement to be paid the Contractor. If the termination is for the convenience of the CATA, the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the CATA determines that the Contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of the contractor, the CATA, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

Bid Protest Procedure

Part I: CATA Procedures

General

Protests will only be accepted by the CATA from prospective bidders or offerors whose direct economic interest would be affected by the award of the contract or refusal to award a contract. The CATA will consider all such protests, whether submitted before or after the award of a contract. All protests must be in writing and conform to the following requirements:

1. Be concise and legally arranged.
2. Provide name, address and telephone numbers of protestors.
3. Identification of the solicitation or contract number.
4. Provide a clear and detailed statement of the legal and factual grounds of the protest including copies of all relevant documents.
5. A statement as to what relief is requested.

A. PROTEST BEFORE AWARD

General

Protest before award must be submitted within the time frame as specified below. If the written protest is not received by the time specified, the bid or evaluation process shall continue.

Protest Before Bid Opening

Protest addressing the adequacy of the Invitation to Bid, RFP's, including the pre-award procedure, the Instruction to Bidders, General terms and conditions, specifications and scope of work must be filed with the CATA not less than seven (7) full working days before bid opening. Thereafter, all issues and appeals are deemed waived by all interested parties.

Upon receipt of the written protest the CATA will determine if the bid opening should be postponed. If the bid opening is postponed, the CATA will immediately contact prime contractors and subcontractors who have been furnished a copy of the specifications that a protest has been filed and the bid opening is postponed until a final decision is issued. Any appropriate addenda will be issued regarding a rescheduling of the bid opening. Any protest may be withdrawn at any time before the CATA has issued its decision.

Protest After Bid Opening

A protest of a decision of the CATA to award a contract to a prime contractor or a subcontractor must conform to A. above and be received by the CATA within ten (10) full working days of its decision. Thereafter, such issues are deemed waived by all interested parties.

In addition, when a protest against the making of an award is received and the CATA determines to withhold the award pending disposition of the protest, the bidders whose bids might become eligible for award shall be requested, before expiration of the time for acceptance of their bids, to extend the time for acceptance (with the consent of sureties, if any) to avoid the need for readvertising.

When a written protest against making of an award is received, the award shall not be made until five (5) days after the matter is resolved. The CATA may, however, proceed to make an award if it determines that:

- a) The items to be procured are urgently requested, or;
- b) Delivery of performance will be unduly delayed by failure to make the award promptly, or;
- c) Failure to make a prompt award would otherwise cause undue harm to the CATA, the Commonwealth of Massachusetts or the Federal Government.

In the event that the CATA determines that an award is to be made during the five day period or during the pendency of a protest, the FTA will be notified prior to the making of an award. FTA reserves the right not to participate in such procurements.

If an award is made, the appropriate documents will be prepared to explain the need for the award with notice going to the protestor and other concerned parties.

B. PROTEST AFTER AWARD

Protest against an award must be filed with the CATA within five full working days immediately following the award. This protest shall conform to the requirements of A. above. Thereafter, such issues are deemed waived by all interested parties.

Although the number of persons involved in or affected by the filing of a protest may be limited to instances where an award has been made, the contractor shall be furnished with the notice of protest and related information. Also, if it appears that the award may be invalidated and a delay in receiving the supplies or service is not prejudicial to CATA's interest, the CATA shall consider a mutual agreement with the contractor to suspend performance on a no-cost basis.

C. CATA'S DECISION ON THE PROTEST

The CATA shall render its decision in writing within fourteen (14) working days from the receipt of the written protest and shall provide notice of this decision to all interested parties.

Following an adverse decision by the CATA, the protestor may file a protest with the Federal Transit Administration (FTA).

PART II: FTA REVIEW OF PROTEST

FTA will only review protest regarding the alleged failure of the CATA to have written protest procedures or alleged failure to follow such procedures.

Alleged violations on other grounds are under the jurisdiction of the appropriate State or Local administrative or judicial authorities. Alleged violations of a specific Federal requirement that provides an applicable complaint procedure shall be submitted and processed in accordance with that Federal regulation. See, e.g. Buy America Requirements, 49 CFR Part 661 (Section 661.15); Participation by Minority Business Enterprise in Department of Transportation Programs, 49 CFR Section 23.73.

FTA will only review protests submitted by an interested party as defined in paragraph B. below.

A. REMEDY

FTA's remedy for CATA's failure to have written protest procedures or failure to follow such procedures is limited to requiring the CATA to develop such procedures, if necessary, and follow such procedures in reviewing the protest at issue, if the CATA desire FTA financial participation in the contract in question. In instances where CATA has awarded to another bidder or offeror prior to FTA's decision on the protest, the FTA may refuse to participate in funding the contract.

B. DEFINITION

For the purpose of this Bid Protest Procedures, the following definitions apply:

- a. "Days" refers to working days of the Federal Government.
- b. "File" or "Submit" refers to the date of receipt by FTA.
- c. "Interested Party" means an actual or prospective bidder or offeror whose direct economic interest would be affected by the award of the contract or by failure to award the contract.
- d. "Bid" includes the term "Offer" or "Proposal" as used in the context of negotiated procurements.

C. TIME FOR FILING

- a. Protestors shall file a protest with FTA not later than five (5) days after a final decision is rendered under the CATA's protest procedure. In instances where the protestor alleges that the CATA failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) days after

2025-01 Paving and Culvert Improvement Work

the protestor knew or should have known of the CATA's failure to render a final determination on the protest.

- b. CATA shall not award a contract for five (5) days following its decision on a bid protest except in accordance with the provisions and limitations of subparagraph G. After five days the CATA shall confirm with FTA that FTA has not received a protest on the contract in question.

D. SUBMISSION OF PROTEST TO FTA

- a. Protest should be filed with the appropriate FTA Regional Office with a concurrent copy to the CATA.
- b. The protest filed with FTA shall:
 - (1) Include the name and address of the protestor.
 - (2) Identify the CATA, project number, and the number of the contract solicitation.
 - (3) Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to follow protest procedures or the alleged failure to have procedures and be fully supported to the extent possible.
 - (4) Include a copy of the local protest filed with the CATA and copy of the CATA's decision, if any.

E. CATA RESPONSE

- a. FTA shall notify the CATA in a timely manner of the receipt of a protest. FTA shall instruct the CATA to notify the contractor of the protest if award has been made or, if no award has been made, to notify all interested parties. The CATA shall instruct all who received such notice that they may communicate further directly with FTA.
- b. The CATA shall submit the following information not later than ten days after receipt of notification by FTA of the protest:
 - (1) a copy of the CATA's protest procedures;
 - (2) a description of the process followed concerning the protestor's protest; and
 - (3) any supporting documentation.
- c. The CATA shall provide the protestor with a copy of the above submission.

F. PROTESTOR COMMENTS

The protestor must submit any comments on the CATA's submission not later than ten days after the protestor's receipt of CATA's submission.

G. WITHHOLDING OF AWARD

When a protest has been timely filed with the CATA before award, the CATA shall not make an award prior to five (5) days after the resolution of the protest, or if a protest has been filed with FTA during the pendency of that protest, unless the CATA determines that:

- a. The items to be procured are urgently required;
 - b. Delivery or performance will be unduly delayed by failure to make the award promptly; or,
 - c. Failure to make prompt award will otherwise cause undue harm to the CATA of the Federal Government.
- In the event that the CATA determines that the award is to be made during the five day period following the local protest decision or the pendency of a protest, the CATA shall notify FTA prior to making such award. FTA will not review the sufficiency of the CATA's determination to award during the pendency of a protest prior to FTA bid protest decision. FTA reserves the right not to participate in the funding of any contract awarded during the pendency of a protest.

H. FTA ACTION

Upon receipt of the submission, FTA will either request further information or a conference among the parties, or will render a decision on the protest.

Prevailing Wage Rates

**As determined by the Director under the provisions of the
Massachusetts General Laws, Chapter 149, Sections 26 to 27H**

LAUREN JONES
Secretary

MICHAEL FLANAGAN
Director

Awarding Authority: Cape Ann Transportation Authority

Contract Number: **City/Town:** GLOUCESTER

Description of Work: The paving of the parking lot area located at the CATA Administration and Operations Building as well as the evaluation and potential repair of the culvert under the bridge leading from Pond Road to 3

Job Location: 3 Pond Road Gloucester MA 01930

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, the awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. The updated wage schedule must be provided to all contractors, including general and sub-contractors, working on the construction project.
- This annual update requirement is generally not applicable to 27F "rental of equipment" contracts. For such contracts, the prevailing wage rates issued by DLS shall remain in effect for the duration of the contract term. However, if the prevailing wage rate sheet issued does not contain wage rates for each year covered by the contract term, the Awarding Authority must request updated rate sheets from DLS and provide them to the contractor to ensure the correct rates are being paid throughout the duration of the contract. Additionally, if an Awarding Authority exercises an option to renew or extend the contract term, they must request updated rate sheets from DLS and provide them to the contractor.
- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or a sub-contractor.
- Apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentices must keep their apprentice identification card on their persons during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DAS regardless of whether they are registered with another federal, state, local, or private agency must be paid the journeyworker's rate.**
- Every contractor or subcontractor working on the construction project must submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. For a sample payroll reporting form go to <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Contractors must obtain the wage schedules from awarding authorities. Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may file a complaint with the Fair Labor Division of the office of the Attorney General at (617) 727-3465.

Apprentice ratios are established by DAS pursuant to M.G.L. c. 23, §§ 11E-11L. Ratios are expressed as the allowable number of apprentices to journeymen or fraction thereof, unless otherwise specified. The ratios listed herein have been taken from relevant private collective bargaining agreements (CBAs) and are provided for illustrative purposes only. They have not been independently verified as being accurate or continuing to be accurate. Parties having questions regarding what ratio to use should contact DAS.
